

# Parent Assigned

High-impact tutoring programs facilitated by parents outside of the school day.

## Parent Portal

Scheduling tutoring is easy with the Parent Portal. Parents can choose the schedule that works best for their students and manage their calendars, where they can view and modify upcoming sessions.

## Tutor Messaging

Our tutor messaging tool allows parents to easily communicate with their student's tutor to share updates on student needs, send student work samples and homework assignments, and make changes to student schedules.

## Flexible Scheduling

Parents can schedule 1-on-1 tutoring sessions at the times that fit best into their family's schedule. Tutoring can be scheduled before or after school and on the weekend, and parents can easily make updates if their schedule changes.

## Customer Support

Parents can always get the help they need with our dedicated customer support team. Our team is available from 8 am to 8 pm in all time zones, and can parents request tutoring, make changes to their programs or troubleshoot if needed.

## Session Recaps

Session recaps give parents a comprehensive overview of each tutoring session, including a summary of the specific curriculum standards students learned, notes from the tutor, and a recording of the session.

# Tutoring that meets the needs of your school community.

## Flexible Intervention For Any Student

We understand the importance of meeting the unique needs of your district's school community. With Parent Assigned, district leaders can provide personalized and flexible learning experiences tailored to each student's unique requirements, without the friction of managing busy student schedules.

Flexible implementation options make it easy for district leaders to customize the program offered to parents and determine which students in the district are eligible for tutoring sessions. Districts can choose to assign tutoring to specific students or to open tutoring up to their entire district and allow parents to opt in.

District leaders can select the frequency of tutoring, assign subjects to ensure tutoring sessions target the areas students need the most support, and monitor student usage and progress to maximize program impact.

### Effortless Enrollment

We partner with your district team to ensure parents know about and use your tutoring program. Our team provides the marketing materials you need to engage parents and leverages a simple approval process to make it easy for district leaders to approve program participants. Eligible families can log into the Parent Portal and request tutoring immediately upon enrollment, reducing friction for parents and allowing students to get the help they need quickly.

### Dedicated Support

We're committed to making it easy for parents to use tutoring. That's why we handle all parent outreach and customer support for Parent Assigned programs. Our Parent Engagement Team works directly with parents in your district to set up tutoring and manage student schedules. Parents can reach out to our team by phone call, email, SMS or chat, making it easy for them to get the help they need when they need it. This dedicated support sets parents up for success and allows for friction free program administration.

### Complete Transparency

District leaders have access to the data they need to monitor parent-led tutoring programs across their district. We provide transparent reporting that allows administrators to easily review how tutoring is being used, including attendance, usage and progress data for each participating student. With comprehensive program data, district leaders can easily understand impact and make data-driven program decisions that maximize impact and academic outcomes.

## PARENT ASSIGNED

# Empower Parents to Engage in Student Learning.

---

## Build Trust in Your School Community

Actively involving parents in their child's education sends a powerful message that the district values parent's input and involvement. By inviting parents to participate in the student learning experience, the district acknowledges the diverse perspectives and unique insights that parents can contribute.

Engaging parents in tutoring programs promotes meaningful interactions between parents and teachers, administrators, and tutors as they collaborate to support students. This approach builds trust between parents and the district, reinforces the shared responsibility of ensuring student success, and supports the development of highly engaged school communities.

---

## Parents are Partners in Education

- Invites parents to play an active role in their child's academic progress
- Opportunity to involve parents enables more effective and better learning outcomes
- Reinforces the importance of learning outside of school
- Parent involvement results in increased student motivation and achievement
- Collaboration fosters healthier educational community; district, parents and community working together

“

*In just a few short weeks, my daughter has made great progress. Her confidence is way up, her class participation has improved drastically and so have her grades. Worth every penny our district spent to give this to my daughter!*

**Parent, 5th Grade Student,  
Garden Grove Unified School District**
